EVERYBODY'S COMING TO THE
MIDWINTER MEETING

THE FORTNIGHTLY

Review

OF THE CHICAGO DENTAL SOCIETY

**VACUUM FIRED
PORCELAIN JACKET CROWNS**

a First with

Kramer

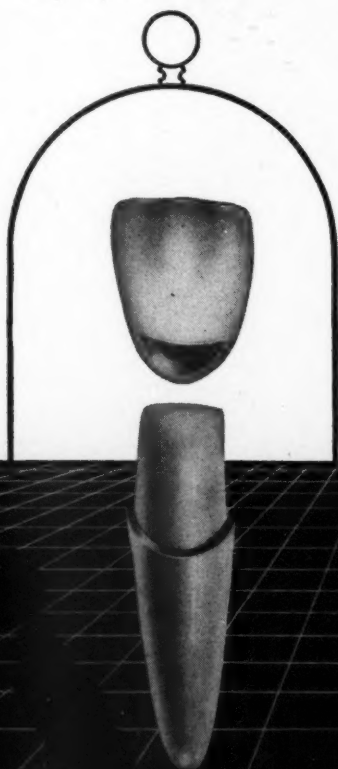

The very FIRST VACUUM FIRED porcelain jacket crowns ever shown to the dental profession were put on exhibit by KRAMER during the February 1951 Chicago Mid-Winter dental meeting.

At that time the nation's greatest dentists, finest dental technicians, as well as the world's outstanding dental manufacturers and their top staff experts acclaimed them to be without question the finest porcelain jacket crowns ever shown.

It is a matter of record, and proven consistently ever since, that the KRAMER Vacuum Fired Porcelain Jacket crown is a phenomenal, and still exclusive, success.

Until *YOU*, Doctor, have tried these very beautiful Porcelain Jacket Crowns you just will not know what truly vacuum fired porcelain crowns can really be like.

See them on exhibit at Booth 25 during the 1953 Chicago Mid-Winter meeting, or better yet, send us your impressions and have KRAMER porcelain experts vacuum fire your porcelain jacket crown cases.

PY-CO-PAY TOOTHBRUSH

► **Natural bristles "Duratized"** for longer life. Bristles reinforced by special process to assure "flexible stiffness," resist matting for longer periods...outlast ordinary brushes up to 3 times.

► **Straight-line design** to meet professional preference. Straight-trimmed bristle tufts, straight shank, straight handle... for simpler, more efficient manipulation.

► **Py-co-tip** for interdental stimulation. Flexible, resilient rubber construction... ready for your patient's use according to your instructions, to reach interproximal spaces inaccessible to the toothbrush.

THE AMERICAN ACADEMY OF IMPLANT DENTURES

Invites you to attend its
DEDICATORY MEETING

Saturday, February 7, 1953

at the

LAKE SHORE CLUB
850 Lake Shore Drive, Chicago

PROGRAM: The all day program will be factual and informative for those interested in this work. It will include films on procedures and other phases of implant dentures.

ADDRESS OF WELCOME: James H. Keith, D.M.D., President, Chicago Dental Society.

DEDICATORY ADDRESS: W. H. Crawford, D.D.S., Dean, School of Dentistry, University of Minnesota.

REGISTRATION: 8:00 to 9:30 A.M.

FEE: \$10.00.

ATTENDANCE must of necessity be limited. The convention committee therefore requests that reservations be mailed at once to Dr. William E. Barb, 668 East Maple Road, Indianapolis, Indiana.

This space contributed through courtesy of Joseph E. Kennedy Co.

Contributions: Manuscripts should be typewritten, double spaced, and the original copy should be submitted. Every effort will be made to return unused manuscripts, if request is made, but no responsibility can be accepted for failure to do so. Anonymous communications will receive no consideration whatever.

Manuscripts and news items of interest to the membership of the society are solicited.

Forms close on the first and fifteenth of each month. The early submission of material will insure more consideration for publication.

Published semi-monthly by the Chicago Dental Society. Publishing, Editorial and Advertising Office: 30 North Michigan Avenue, Chicago 2, RAndolph 6-4076. Annual subscription \$2.50; single copies 15 cents; circulation 5,300 copies.

An Open Letter to our Members and Guests:

I most sincerely request that you attend the Midwinter Meeting Dinner-Dance and Show on February 11, 1953. Like the 88th Midwinter Meeting itself, this Wednesday night program will be superb. It will be a most fitting climax, after attending the many lectures and clinics and absorbing the best of modern dental knowledge, to sit back, relax, dine and rejoice with your sweetheart and friends.

You shall dance to the melodic orchestra led by Lou Breese, be entertained by the finest professional acts obtainable and dine in the beautiful and glamorous atmosphere of the Grand Ballroom of the Conrad Hilton Hotel.

Therefore, you are urged to consider this a must on your Midwinter Meeting schedule. As a friendly tip, I recommend that you make your reservations early.

Yours for a wonderful, truly enjoyable evening.

*Gerson M. Gould, Chairman
Entertainment Committee*

Time: 7:30 p.m.

Tickets \$7.50

Volume 25 • Number 2

Essay Program Looks Good

What promises to be the finest Essay Program ever presented at a Midwinter Meeting of the Chicago Dental Society has been assembled by Henry Conley and his essay committee. Every section of the program is complete, and should have something for every dentist attending. Every major phase of dentistry has been considered, and the necessary overlapping of the various subjects has been handled perfectly. Some particular subject may, at first, appear to have been neglected, but it will be found in coordination with other essays.

As usual, prosthetics, being the biggest drawing attraction, has received the most number of essays. The full denture section is started by Ernest T. Lewis of Pittsburgh, who will present his paper dealing with the surgical corrections, classification and impression technic for full dentures. This is followed by Merrill G. Swenson of Portland, Oregon, dealing with modern improvements in immediate denture construction, and LeRoy Kurth of Chicago discussing balanced occlusion. Ralph E. Libberton then takes up the problem of full dentures for the general practitioner and Charles H. Moses of Toronto rounds out the completed picture with his paper on the adjustment of artificial dentures.

Partial dentures receive due consideration from Kenneth P. Austin of Chicago in discussing whether or not partials have

to be a stepping stone to full dentures, and Muller M. De Van of Philadelphia handles the preservation of natural teeth through the use of clasps. I. Franklin Miller then deals with precision bridge-work for the general practitioner and Raymond L. Girardot of Detroit attacks the physiological problems involved in partial denture restorations.

Pedodontia is ably represented by such persons as Elizabeth Levitin of Glencoe dealing with the dental aspects of child psychology, Francis W. Summers of Los Angeles on the management of the child patient and the parent, and by William P. Humphrey of Denver on the use of chrome steel in dentistry for children. In addition, an excellent symposium on what to do about cleft palate cases will be held. T. M. Graber will be the moderator of the discussion when Samuel Pruzansky gives the problems found in diagnosis, Wayne B. Slaughter discusses the oral surgery, Henry Glupker on the prosthetic problem, and Harold Westlake finally on the correction of speech.

The operative question, although dealt with in other sections, is well represented by three vital subjects of major importance. The first deals with the use of plastics in operative dentistry by Herbert D. Coy of Richmond, Virginia. Then comes the consideration of restorations of silver amalgam by Donald A. Keys of Lincoln, Nebraska, and an evaluation of the present technics for the condensation of

amalgam restorations by John H. Mos-teller of Mobile, Alabama.

Always interesting and well attended, the Oral Surgery program of essays should continue to live up to expectation. James T. Hayward of Ann Arbor will give biopsy, diagnosis and the treatment of oral tumors. Arthur E. Smith of Los Angeles will present a new technic in the surgical correction of mandibular prognathism by the open condylectomy method. J. Orton Goodsell of Saginaw, Michigan will deal with the surgical aids to intraoral prosthesis and finally Marvin E. Chapin of Chapel Hill, North Carolina, will discuss the prevention of complications in oral surgery.

The Orthodontia section is set up to entice the general practitioner as well as the specialist in that field. It starts off with what the general practitioner should know about the extraction of teeth in orthodontics by Ben L. Herzberg of Chicago. Francis J. Loughlin of Jamaica, New York, then presents a paper titled "Youths and You" followed by a discussion of preventive orthodontics and minor corrections by William S. Brandhorst of St. Louis, Missouri. Occlusal dynamics and equilibration in modern orthodontics will be discussed by John I. Ingle of Seattle, Washington while Samuel J. Lewis of Kalamazoo, Michigan handles the problem of orthodontic treatment in the early years in the light of newer knowledge.

Crown and bridge is certainly in good hands. Ray G. Perschbacher of Denver, Colorado, talks on full cast crowns with plastic veneers, while Edwin S. Smyd of Detroit, Michigan, discusses principles in crown and bridge. S. Charles Brecker of New York handles the assignment of restorative procedures to improve esthetics in oral rehabilitation, and last but far from least, Ralph W. Phillips of Indianapolis, Indiana, tackles one of the most controversial subjects in dentistry, the use and the relative merits of reversible hydrocolloid and alginate for indirect restorations.

Practice Management includes three excellent presentations by well qualified

individuals. John L. Woehler of Sierra Madre, California, talks on the establishment of desirable dentist-patient relationships, while Harry M. Klenda of Wichita, Kansas handles the building and preservation of dental practice. The third essay in this section will be a discussion of the dentist taking a look at himself by Hollis A. Askey of Lincoln, Nebraska.

Periodontia goes all the way from applied nutrition in general and periodontic practices by Harry Roth of New York, to the problem of occlusion in periodontia by G. R. Lundquist of Chicago. Sigurd Ramfjord of Ann Arbor will also present a paper on conservative periodontal therapy.

Research in dentistry, an extremely important section of essays, will include a symposium on the current findings of fluoridation studies. Robert G. Kesel will act as moderator while the panel will consist of Francis A. Arnold, J. Roy Blayney, W. Philip Phair, and Isaac Schour. The study of nutrition, and its relation to every day dentistry will be discussed by H. Trautman of Madison, Wisconsin. The Prize Essay will be read on Wednesday morning.

Endodontia will be represented by Victor H. Dietz of St. Louis with his paper on the scope and objections of modern endodontics, and by George W. Teuscher of Chicago presenting his essay on the problems involved in pulp therapy for children.

Two essays will be given on Radiology. The first one will be radiographic techniques by Lewis B. Spear of Indianapolis, Indiana. The second presentation is one of special importance in this age, the application of radioactive isotopes in dentistry by William Ward Wainwright of Chicago.

Under the classification of miscellaneous are two essays of note, the early recognition of the neurotic patient by Walter C. Alvarez of Chicago and finally a discussion of the relation between the dentist and the public by Harold Hillenbrand of Chicago.

Help dentistry, help yourself, attend the Midwinter Meeting.

PLEASE NOTE — What's More, Remember

1. The New Exhibit Space at the Midwinter Meeting is to be occupied almost without exception by firms that are new to our Midwinter Meeting. Like newcomers anywhere they deserve the welcome and hospitality of all of us. Sam Kleiman, our Secretary, who is responsible for the arrangement of this added space and its rental by these new friends of ours has asked me to remind you to be certain to visit this area not once but more than once. It used to be the Coffee Shop.

2. Our Midwinter Meeting General Session speaker on Monday night, Dr. Kenneth McFarland of Topeka, has chosen for his title the provocative phrase, *Fathoming the Fifties*. Dr. McFarland is one of the nation's leaders in business education and in the education of business and has the reputation of seeing and counseling personally with more influential American leaders of commerce and enterprise than any other one person. This should afford him a vantage point from which to view the years ahead and the perspicacity to draw aside, to some extent at least, the murky veil of uncertainty and doubt that plagues our planning and halts our hopes.

3. Incidentally, speaking of our exhibitors and of our first General Session, as we have above, and of our two ladies' functions, as we have elsewhere, brings to mind a point that might as well be made here now, and whenever and wherever it applies elsewhere, and that is this: Attendance at any of these affairs of our Midwinter Meeting isn't at all restricted to our members or other dentist registrants at the meeting. We welcome those among the exhibitors who would like to come, or have their wives attend and, by the same token, people from dental laboratories, supply houses and so forth that are here for the meeting plus such guests as we want to invite from the "outside," laymen, that is. We are proud of our meeting and its parties and general session and we'd like to have our associates in other walks of life come in and see how good it is.

4. Also, please note that we are opening registration at the Midwinter Meeting again on Sunday morning at ten and that the exhibits will open at one p.m. that afternoon. This Sunday afternoon opening was an experiment last year but reaction to it was uniformly favorable and we do mean uniformly. We actually had only two complaints about the way it worked out which, believe me, is much, much below par for this course.

5. Speaking of reactions, we have been rather puzzled by the absence of any poignant outcry anent our new cover. We went through quite a term of gestatory cogitation getting the thing dreamed up and followed that with a no less trying period of productive travail in getting the mechanics taken care of and then sat back, hoping for the best from the discriminating and stolidly expecting the usual shower of dead sticks and nuts from the *Bandar log*. But, so far, no gripes. Maybe the boys are losing their grip. Thanks to those of you who like it and said so.

6. Just before we run off of the bottom of the page let me flip the brim of my Borsalino in the general direction of George Hax and his Monthly Meeting Program Committee who are (maybe that ought to be which is) doing a bang-up job. After an SRO production in November at the last meeting, they are coming up with another terrific deal on the 20th of this month featuring a top flight speaker and eleven (count 'em) table clinics. Let's give the boys a great big hand! By being on hand, that is.

Lecture and Table Clinics on

ORAL SURGERY

Tuesday, January 20, 1953

Essay in the Upper Tower Room

Table Clinics in the Lower Tower Room

The Conrad Hilton Hotel

Our essayist is DR. WILLIAM T. EWING,

Past President, American Society of Oral Surgeons;

Diplomate, American Board of Oral Surgery;

Fellow, American College of Dentists;

Omicron Kappa Upsilon;

Federation Dentaire Internationale

Dr. Ewing's title is: THE PROBLEMS OF ORAL SURGERY IN DENTISTRY

Dr. Ewing's paper will cover five major aspects of current oral surgery practice:

- (a) Necessity for reasonable fees.
- (b) Obligations of dentists in hospitals.
- (c) Better general anesthesia needed in office practice.
- (d) Newer use of drugs in oral surgery.
- (e) The dentist's responsibility in the recognition of oral lesions.

Following Dr. Ewing's paper the following will present table clinics on various aspects of oral surgery:

From the Dental Department, U.S.N.T.C. Great Lakes:

Stephen A. Grady, Commander, Dental Corps, USN

Stanley Jakubs, Commander, Dental Corps, USN

Maurice E. Simpson, Commander, Dental Corps, USN

From the Chicago Dental Society:

Lyle F. Aseltine

Robert A. Atterbury

Russell G. Boothe

Robert B. Jans

William E. Redlich

Richard W. Renn

S. A. Shiret

Viggo B. Sorensen

Essay Program at 8:00 p.m. Table Clinics at 9:30

All this, and more too, at the

REGULAR MONTHLY MEETING

Chicago Dental Society

George W. Hax, Chairman

NEWS AND ANNOUNCEMENTS

C.C.D.S. DINNER CLASS OF 1914

The Class of '14 of the Chicago College of Dental Surgery, Loyola University, will hold a dinner on Tuesday, February 10, at 6:30 p.m. at the Chicago Athletic Club, with cocktails at 6:00. Advance reservations may be made with the Secretary, Dr. Arno Brett, Town Hall 3-1634.

NORTHWESTERN NEWS

Dean Charles W. Freeman announces that Dr. Henry Beyron and Dr. Gosta Lindblom of Stockholm, Sweden, will visit in the United States next spring as guests of Northwestern University Dental School. Dr. Beyron is the President-elect of the Swedish Dental Society and is the dentist to the Royal Family of Sweden. He has done a considerable amount of research on the aging changes of the natural dentition. Dr. Lindblom has spent many years investigating normal and abnormal function of the temporomandibular joint as it relates to the occlusion of the teeth. Both Dr. Beyron and Dr. Lindblom conduct private practices as general dentists in Stockholm.

During their visit, Dr. Lindblom and Dr. Beyron will participate in various functions at Northwestern University, including the Postgraduate Course on Occlusion of the Teeth on April 1, 2, 3, the Graduate Orthodontic Alumni Seminar on April 6 and 7 and the Dental School Homecoming program on April 8th. In addition, they will appear before other dental organizations and at the University of Washington Dental School, Seattle, Washington, and the University of Oregon Dental School, Portland, Oregon.

ALPHA OMEGA DINNER AND DANCE

Alpha Omega Fraternity will hold a dinner and dance at the Congress Hotel on Sunday, February 8, with cocktails at 6:00 and dinner at 7:00. The program will feature an excellent floor show. Tickets are \$6.75 per person and may be purchased in advance from the chairman, Dr. Alfred D. Kamin, 25 E. Washington St., telephone DEarborn 2-0482.

LOYOLA '29 CLASS LUNCHEON

The Class of '29 of the Loyola University School of Dentistry will hold its Class Luncheon on Wednesday noon, February 11, at the Blackstone Hotel.

LOYOLA LUNCHEON CLASS OF 1926

The Class of '26 of the Loyola University School of Dentistry has scheduled a luncheon at the Fountain View Restaurant, 540 S. Michigan Ave., on Wednesday, February 11, at 12:15.

WATCH YOUR POCKETBOOKS (4th notice)

A recent outbreak of daytime dental office robberies on the north shore is reported to us by an alert correspondent. The pattern for the robberies is this: A young man about 18 or 19 enters the office. In some cases he has, ostensibly by a mistake, entered by the private door. He complains to the dentist or to the assistant or receptionist of a toothache. He uses this interlude to inspect the layout of the office and leaves promising to return immediately. A few minutes after he leaves, his confederate comes in and

(Continued on page 28)

Monthly Meeting of the Chicago Dental Society

November 18, 1952

The second meeting of the year was held in the Upper Tower Ballroom of the Conrad Hilton Hotel on Tuesday, November 18, 1952, and over 300 members were greeted by President James Keith at 8:10 p.m.

The first order of business brought a motion and a second to dispense with the reading of the minutes of the October 21st meeting. The chair entertained a motion to approve the minutes of the October 21st meeting as published in the November 15th issue of the *FORT-NIGHTLY REVIEW*. This motion was passed in order.

The call for reports of boards and standing committees was negative. The call for reports from special committees was negative. Under the call for unfinished business the Secretary or any member present had nothing to bring forth.

Under the sixth section of the agenda, new business, President Keith introduced Past-President Leo W. Kremer, Chairman of the American Dental Association Relief Fund. Dr. Kremer's short talk was precise and to the point. He emphasized why members from Illinois should try to pay just a little more this year for their Christmas seals. Illinois has seven dentists receiving relief and these seven are from the Chicago area. The total amount the A.D.A. hopes to collect from the sale of Christmas seals is \$100,000. This will go into the Trust Fund and the interest from the Trust Fund is what is used to grant the financial aid. We all know that saying, "Charity begins at home" and fellows, dentistry is our home. None of us know when misfortune may hit us, like the entire family that was stricken with polio and is receiving help from organized dentistry. Dr. Kremer also explained that any member of the profession, regardless of whether he is a member, or if he never held a membership in any component or constituent society, may apply for aid

and if his financial status shows that he needs help he will receive it. Dr. Kremer's last remarks were "Let's go over the top for Illinois."

President Keith thanked the branch presidents that were present for responding to his call to attend the parent society meetings. He was pleased to see so many of the branch officers present.

President Keith mentioned the fact that 19 of the 23 candidates that were endorsed by the Interprofessional Committee were elected in the recent election.

The meeting was then turned over to the Monthly Program Chairman, Dr. George Hax, who has proven to be a very excellent story teller with his introductory stories. Dr. Hax introduced the speaker for the evening, Dr. A. H. Dredge, Associate Professor of Dental Prosthesis at the University of Detroit School of Dentistry. Dr. Dredge's presentation was well enjoyed by the 400 members that now packed the hall. His humor and his use of psychosomatics on his patients brought a great deal of attention from the audience and the information received regarding the subject was worth the time spent at the meeting.

The table clinics presented by our Chicago boys in the Lower Tower Ballroom were well attended. These clinicians were Drs. C. A. Frankewicz, Walter E. Spec-ter, Raymond C. Van Dam, Boles G. Gobby, M. J. Robinson, Morton S. Rosen, William Roy Eberle and Paul Chung. In fact, the men were "fighting" to get around the tables to see and to hear what these boys had to give us. The meeting lasted until 10:45 p.m.

Now you see what you missed, fellows, by not attending this meeting. Our future meetings will be just as good and perhaps better. Don't stay away.

Respectfully submitted,
Sam Kleiman, *Secretary*

NEWS OF THE BRANCHES

NORTH SUBURBAN

This column is being written in the waning hours of 1952 and, in the spirit of the moment, we are reflecting upon that which has transpired this year. Lately we have been chided for failure to present a column each fortnight. Such comments do point up the fact that we have a reader or two, for which we are quite thankful. We must admit, however, that we have had no contributors and are sadly in need of something to print. Recently a family death took us out of town suddenly and unexpectedly for several days right at "column time," hence no column. . . . But wait—here's a contribution right now from Mike Pauly in Winnetka. Bully for Mike! Here's his report: No. Sub. President, Russ Johnson, in addition to "chair" work at the Clinic day, made November a jackpot month—giving several clinics himself and winding up with a trip to Michigan at Thanksgiving. Let's face it, the Johnson-McArthur duo was terrific. Orchids to them for the last-minute change to the "lighter side of life," dinner program. The fish pictures were fine. I am a pin and worm man off Tower Rd. pier myself, but I still enjoyed the Major League game fish pictures. . . . George Howell spent a week in Texas but returned without a ten-gallon hat. (Maybe he had it all down there.) . . . Frank Yager has solved the winter driving with new snow tires and setting up exercises to condition himself for shovel work. . . . The Winnetka-Glencoe Study Group recently held a closed meeting to discuss current problems in school health, etc. Both the older and younger men presented their views on the various subjects for discussion. Thank you, Mike. Hope you and the other members of this committee will keep the news coming in regularly. Incidentally, Mike is President of that Study Group he mentioned. . . . Holiday items—

Penny and Elva Plants had a *real* party at Penny's place just before Christmas. Several men from the slummier part of town were there. They wanted to see how the other half lives. Among them were "Groucho" MacLean, J. Nathaniel Lynch, (who is teaching us Oral Surgery via his abstracts in the FORT-NIGHTLY), and Paul Wilcox, an old buddy of Jim Plants from dental school days. Also at Penny's was Bob Fleming, resplendent in Navy uniform. Bob was scheduled for duty in San Diego, but received a last minute change to Patuxent River Naval Air Station in Maryland. Bob's wife, Pauline, is just recovering from a bit of surgery. We hope she does well and can make the trip with R. D. . . . At Dick and Lu Lee's party we chatted with John Ronning, who, with his ulcer, is going back to work for Uncle Sam at the latter's request. John reports to the Army in Texas next week. . . . Ed Ryan was much in evidence at the Lee party. He had the pretty gals all grouped around him as he expounded on the glories of farm life. . . . Bill and Barbara Bradford were there reporting on the biggest social event of the season on the North Shore. That, dear friends, brings out our deepest regret at not having a column last month because we had an "exclusive" on the news and could have "scooped" the *Tribune* and *News*. That item is the subduing of that most elusive of bachelors, Charles Harold Schelhas, by Mary Coyl Rogers, until recently Adrian Swanson's assistant. Yep, it finally happened, how—we can't tell, but tiny Mary, (about 90 pounds dripping wet), finally tagged the big brute, who has been running away from matrimony for years. They really had a blow-out of a reception at the Exmoor where the champagne flowed like champagne. *Toujours*, in fact, three hours. The groom nearly missed the ceremony as he slipped in a few last-minute dentures. Bolstering

him up for the occasion were John Boyle, Bill Bradford, and one other fellow whose name escapes us at the moment. Happy days, Halbert, old man. . . . We received one of artist, Art Gilbert's hand-tailored cards during the holidays. Art has more of his paintings on exhibit opposite the South Assembly Room at the Conrad Hilton. Also a squib in the paper states that Art is remaining on duty with the Navy for an extended period. He was due for release at this time. . . . Now, as we wind up our 1952 writings, we wish to thank all of you for your forbearance, for the many lovely cards you sent Marguerite and me at Christmas, and through this column may we use editorial privilege to thank heartily those of you who have sent business this way during the year. We had an unfortunate experience in that the cards we ordered to express our thanks to you were not delivered by that store which aims to "give the lady what she wants," in time for Christmas. . . . We wish all of you, from Jim Keith to the newest member, a very happy and successful New Year.—*Robert B. Jans, Branch Correspondent.*

SOUTH SUBURBAN

A Happy New Year to all youse guys and all that stuff. Now that the holiday glow is worn off, let's get back to work. . . . Is my face red!! Before Christmas

I reported from usually reliable sources that Pippert was to go into service on or about the first of the year. I am now happy to inform you that he has had a medical survey and his possible recall is postponed to spring or thereabouts. . . . Cubbon is on his way to Europe. I hear that there was some element of chance involved among the personnel where he was stationed as to who got to go to Korea and who got sent to Europe. Cubbon was one of the lucky ones to be sent to Germany. He has been studying first-aid and other service manuals so that he could instruct as well as do dental work. The nicest part of the whole deal is that his family is to join him as soon as he is settled. . . . We would at this time like to welcome three new members to our group, namely: A. Frisch, H. Rosen and F. W. Fenzel. Greetings, fellows, we will be looking for you at our monthly meetings. . . . We had several guests at our December meeting. Harry Lees brought along his new associate, George Kennell, and Pete Iagmin introduced Hugh Ryan. For those of you men who were at the meeting and enjoyed Dr. Graber's talk on "Limited Orthodontia for Adults" and want to send away for the manual he mentioned, his address is c/o Northwestern University, 311 E. Chicago Ave. in Chicago. . . . Vance Phillips is a civilian again and is back at the old grind in Harvey. I understand that Palulis is due back

LOYAL LOYOLIANS, ATTENTION !!

The Alumni of Loyola University School of Dentistry will hold their second annual cocktail party during the Mid-winter Meeting, Tuesday, February 10, 7:00 p.m.

CONRAD HILTON HOTEL

WEST BALLROOM

Alumni Headquarters, Room 513-A

sometime this spring. . . . That's all for now, see you all at the Midwinter Meeting.—*H. C. Gornstein, Branch Correspondent.*

WEST SIDE

Under the able guidance of Walter E. Kelly, Robert F. Tuck, Adolph Stark and the clinic committee, the annual Clinic Day was an outstanding success. Over two hundred and twenty-five men from all branches of the parent society came to listen to 23 outstanding clinicians who lectured on the latest developments in dentistry. Many important dignitaries of the Chicago Dental Society were present, namely Arno L. Brett and Robert J. Wells, past-presidents; James H. Keith, present president; Gus Solfronk, treasurer; William O. Vopata, West Suburban director, and many other well-known guests. Everyone who attended was very well pleased as were the clinicians and most of the commercial exhibitors. The West Side Branch really did itself honor by putting on a splendid educational session and was glad to extend cordial hospitality and friendship to all who attended this annual affair. . . . Joseph Porto, president of the Loyola Dental Alumni Association, cordially invites members of the West Side Branch and alumni from other schools to the annual cocktail party to be given on Tuesday,

February 10, from 4 to 7 p.m. in the West Ballroom of the Conrad Hilton Hotel during the Midwinter Meeting. Be sure to drop in and share in some good fellowship. . . . Dorothy Rizzo, chairman of the Ladies' Entertainment Committee, invites members' wives and their guests to the Ladies' Luncheon and Fashion Show, to be held at the Narcissus Room at Marshall Field's, on Tuesday, February 10th, at 12:30 p.m. Don't fail to attend. Make your reservation now by calling NEvada 8-4600. . . . The following men gave up their daily office chores and are vacation bound for Florida—Sam Libbin, Al Sells, Jack Ehrlich, Stanley Sherman, William Whitaker, Art Tessler, and Leo Cahill. . . . Herbert Weinfield elected to go to California where he will visit his brother. During his absence, his illustrious father, William, will keep the patients happy. . . . Irwin J. Altheim drove his new 1953 Chrysler to Richmond, Indiana, to attend a Health Conference on Children's Dentistry sponsored by the State Public Health. . . . Max Chubin likes his new office surroundings in Lincoln Village. . . . Ed Rus, Jr., son of Ed Rus, is entering the army on January 16. Good luck to you and hope you will be back with us soon. . . . Andy Kelleher is stationed at Rantoul Field. . . . Irvin Miller is happily looking forward to when his son, Irvin Jr., will graduate from Loyola

NEWS OF THE BRANCHES

(Continued from page 15)

Dental School in June 1953. . . . Harold Epstein is moving to the Garland Building, sometime in January. He will attempt to limit his practice to Endodontia. Wish you the best of luck in your endeavor. . . . Harry Robbins was the happiest man of the year 1952. The reason is his marriage to the lovely and charming Fay Hencken of San Antonio, Texas. They spent their honeymoon on a Caribbean cruise to Panama and Honduras. Congratulations to both! . . . Our last meeting was held on January 13 at the Midwest Athletic Club. The essayist was Waldemar A. Link, who presented a very interesting talk to the general practitioner. His subject was "Practical Consideration in the Placement of Amalgam Restorations." . . . We are happy to hear that Lou Butler is making excellent recovery and will join us soon. After a long siege of illness, Lewis T. Weinschenker is back and well again. Sure glad to see you in good health and welcome you to our next meeting. As the New Year 1953 begins with the inauguration of a new president and the installation of a new administration, we fervidly hope and pray for peace and continued pros-

perity for all of us. . . . And now for predictions of things to come in 1953. Read this column and you will learn of future things to come as they happen. If you have any news get in touch with George R. Walls, VAnburen 6-5700, who will write the next issue.—*Maurice C. Berman, Assistant Branch Correspondent.*

NORTHWEST SIDE

December & January appear to be the best time of the year to declare a holiday. Many of our men have left the Windy City for warmer climates. . . . Martin Juel went to Clifton, Texas, to visit with Martin, Jr. . . . Herman & Mrs. Wenger are on a cruise to Europe and the Mediterranean. . . . Mark & Mrs. Spencer flew to Los Angeles for three weeks. . . . Harry & Mrs. Jacobs have gone to St. Petersburg, Florida. He was going to make a point of visiting with Gus Tilley. I told him to be sure to look up Joe & Mrs. Lebow while down there. Joe sent word that they all got together and are having a fine time practicing up on their golf games. . . . Matthew and Mrs. Saposnik are happy to announce the arrival of their first offspring, a son, Ira

Stephen. . . . George Ulvestad—a proud grandfather for the seventh time. Little Susan Jean, weighing 6¾ lbs., made her father Richard very proud also. Guess George will take her for a drive in his new '53 De Soto Fire Dome. . . . Folmer Nymark has taken time off to be with the family and to enjoy his new 1953 Dual Streak Pontiac. . . . Tried to talk Joe Ullis into staying for lunch with the North & Crawford dentist when he dropped some pictures off at the office, but couldn't do it. . . . M. L. Bramer has moved his office to 3054 W. North Avenue.—*Sonny Litturi, Branch Correspondent.*

WEST SUBURBAN

The last evening meeting proved to be all that we anticipated. Maury Massler did a rather complete job in pointing out the various problems in "Nutrition for the Geriatric Patient." There were many who stayed after the formal presentation to ask questions—the answers were clear and concise. . . . A tremendous round of applause for our Beulah Nelson who has done a wonderful job in soliciting contributions for the American Dental

Association Relief Fund. It's a thankless job—but even so Beulah waded right into the job and has accomplished wonders. There are still a few who have not contributed—so please send your check in today. . . . November and December have proved to be popular months for many of our members to take a second breath and get away from the office for a short vacation. Kelley and Mrs. Frakes have visited New Orleans for a week, while Ed and Mrs. Moore flew to Phoenix to attend the wedding of their eldest daughter, Joan. The young lady will then continue her studies at Arizona State. The ceremony was followed by a wedding breakfast at the world-famous Camelback Inn. . . . Wayne and Arden Dunnom, John and Mrs. Frymark and the Ev Walters scorched themselves in the wonderful Florida sun. Walter and Mrs. Wicklund visited their sons Eldon and Ralph, now stationed at Camp Chaffee, Arkansas and the air base at Colorado Springs, Colorado. . . . Raleigh Williams has begun his graduate training in Orthodontia at Northwestern University and will finish late in December, 1953. . . . Our good friend, Foster Robeson, has established a practice in Franklin Park. . . . Bob Fencil of Berwyn is at Ann Arbor at the University of Michigan completing work toward his master's degree in public health. . . . S. Krongrade has moved his dental office to Elmwood Park, Illinois. . . . Outgoing councilman Bill Tolar and president-elect Werner Gresent and councilman-elect Jack Opdahl plan to attend a meeting of the executive council of the Illinois State Dental Society in Peoria on January 16 and 17. . . . Clarence Hanson, chairman of the nomination committee, announced the following nominees for branch offices: President, Rudolph Hinrichs; president-elect, L. W. McNamara; secretary, Richard Anderson; treasurer, Wallace Kirby; librarian, Howard Buchner. . . . Joe Voita made a plea at the last meeting requesting that each member should make a small contribution to the Chicago Heart Association Fund this year. His fine talk outlined the tremen-

dous research and treatment projects which have been sponsored by the CHA and the benefits that have been received by so many individuals who are stricken with heart disease. Come across fellows—give!!!—*Anthony J. Malone, Branch Correspondent.*

NORTH SIDE

Congratulations are in order for the Clinic Day Committee, who put on such a successful program this past December 3. The excellent attendance and favorable comments certainly should encourage continuance of an annual clinic day program under sponsorship of the North Side Branch. Patterned after the Mid-winter Meeting in a condensed manner, the Clinic Day was well planned and smoothly run. . . . A "well done" is in order for Chairman LeRoy Levey, and Vice-Chairman Ches. Stanley. General arrangements were well done by Joel John, Howard Lange and Howard Paule. Registration was well taken care of by Al Rubin and Ray Bro. Limited attendance clinics were a complete sell-out, which attests to the fine work of Maurice Falstein, Morrie Gerry and Al Spiro. The fine selection of table clinics was very well attended, the good work being done by Mel Schainis and Harold Sitron. Of course, we could not have the fine attendance without good advertising, the publicity job was done by Stan Goldberg and Joe Krohn. . . . To North Side members who have not attended either of this year's meetings, your cor-

respondent can vouch for the fact that you are missing a lot. President Russ Boothe has provided the spark that seems to be setting North Side afire. I can say without hesitation that the job your officers are doing is worthy of every member's fullest support. . . . Z. D. Ford is convalescing following an operation at Wesley Hospital. . . . Mrs. Herb Gustavson is back in good health following a short visit to the hospital. . . . Northsiders have been busy traveling about the country. M. Altus attended a fraternity convention in Toronto, Meyer Poliak a vacation visit to Mexico and Schainis spent the Christmas holidays with friends in Kansas City. . . . Milt Natanson reports that his wife left for Florida January 3, and that he will join her later for a bit of relaxation and sunshine. . . . A gay holiday party was staged by the Clark-Foster boys during the Christmas holidays. Those present at the gay event were Gustavson, Orsinger, Anderson, Davis and Nilsson. . . . This column being the first of the New Year, it is the desire of the officers of the North Side Branch and your correspondent to extend our best wishes to every member for a most Happy and Prosperous New Year.—*Edward O. Benson, Branch Correspondent.*

KENWOOD-HYDE PARK

Received a letter from Charley Waterman, one of the past-presidents of Kenwood, the other day. Charley retired about three years ago to 2113 Avondale, Long Beach, Michigan City, Indiana. He

says they still love it down there in any kind of weather, but miss the old environment of the C. D. S. boys, and wish more of them would stop as they come and go to their hideouts in Michigan. . . . Also received a card from O. K. Stafford to tell us he is recovering nicely. Keep it up, Staff, and hurry back. . . . Jesse Carlton received a letter from Sig Carlson. Sig is recuperating at his brother's home in Rockford. The address is 506 Calvin Park Blvd. and I am sure Sig will be glad to hear from all of you guys. . . . We are very sorry to report the passing of Frank Gunther, a member of Kenwood for quite a few years. To Mrs. Gunther and the family we extend our sincerest sympathy. . . . Kenwood was also shocked on Friday, December 19, to hear of the sudden passing of Chet Blakeley. He was a past-president and one of the old reliables in Kenwood. We are going to miss Chet, because when there was a job to be done, we could always depend upon him to do it. To Mrs. Blakeley and the family go our sincerest sympathy. . . . Well, boys, the Midwinter Meeting is in the offing, so mark the old appointment book now and plan to attend one of the finest dental conventions in the world. . . . Here it is right at your doorstep, begging you to come and increase your dental knowledge. You just can't miss, if your dues are paid, everything is free except the Limited Attendance Clinics and they only cost you a couple of bucks a throw. So we will be seeing you down there.—
Harry Hartley, Branch Correspondent.

ENGLEWOOD

The Old Timers' Party held December 9th was one of the outstanding parties in the history of this annual get-together. It was the kind of an event that the overflow crowd enjoyed and applauded. Three past-presidents of the Branch, Tom Starshak, Mal Brooks, who initiated the young old timers and Ed Glavin, who responded for the new members, kept all in fine spirits with their wit and humor. The fine evening was climaxed with Professor Tarbell, the principal speaker, with his magical deception and psychology. This was the kind of program that has made the Old Timers' Party the envy of all Branches. . . . Englewood tidbits. . . . Program Chairman Bob and Mrs. Straub were guests December 16th of the South Side Dental Assistants' Association, where more than 50 enjoyed a style show. . . . J. F. McCarthy received the high honor of having the best colored motion pictures of the year. His film of the Mt. Carmel-Austin football game was shown on the Impact T.V. program of December 11th. . . . Ray Marcus is waxing up his skis in anticipation of the winter sports in Berthoud Pass, Colorado. . . . Larry Lucas reports that George Runyan has substituted hormones for vitamins. . . . Why? . . . John Lace came home from the hospital after an ulcer flareup in time to be at the Old Timers' shindig. . . . Mike Walsh is in the middle of a four-week winter vacation that will take him to Colorado, California and Texas. . . . the quartet of R. Anderson, Presi-

dent H. Kazen, H. Hayes, and M. Hopkins entertained at the Old Timers' night . . . they were good. . . . Bowling news. . . . H. Mathews shows continued improvement. . . . John Simkus bowled high scratch series in the Mundelein K of C league—R. Bartz came up with a 610 series—Zeke Krol received good news from the Army . . . a discharge. . . . Past-President Bill Hillemeyer is proud of his son, who received a scholarship to Michigan State—Bill was a basketball star at Loyola and his son is trying to outdo him. . . . B. Gobby was named director and R. Van Dam re-elected president of the Denture Research Group. . . . Jolle Jun, daughter of your correspondent, who plays the drums in the Lourdes High School Band, made the candlelight presentation speech to the Pastor of St. Galls Church. . . . R. J. Gates was the auctioneer at the annual Christmas auction of the Auburn Park Lions Club—proceeds from the auction went to the Hadley School for the blind. . . . P. M. Squires was program chairman. . . . A thought for the New Year . . . let's all say a Prayer that the Korean conflict ends soon.—*Joseph W. Jun, Assistant Branch Correspondent.*

THAT IS SERIOUS!

A young wife was telling her girl friend about the quarrel she had had with her husband.

"And now he's left the house," she con-

cluded tearfully.

"Oh, I wouldn't let that worry you," said the friend. "After all, he's done that before."

"Yes, I know," sobbed the unhappy wife, "but this time he's taken his bowling ball!"

NEWS AND ANNOUNCEMENTS

(Continued from page 11)

inquires if his friend has been in. This is a seemingly innocuous procedure, as a matter of fact, something like it happens fairly often in most offices. But it has afforded two operatives a valid excuse for making two visits to an office, the second of which is forearmed with a description of the office layout. So far these harmless visits have paid off well for in one unguarded desk they stole a receptionist's pocket book with \$69.00 in it and in another similar setup took almost as much. In another building where the racket was worked, a laboratory was entered and ransacked at almost the same time and surmise would lead to the same pair as the culprits. They worked the same dodge on an M. D. in another suburb saying they had been shaken up in an automobile accident and wanted an examination. These youths have so far been dressed in the almost indistinguishable teenage uniform of suede jackets and slacks. The moral of this tale is just this: Don't leave your dough around where some petty thief can swipe it.

WHO WILL VOLUNTEER?

The letter reproduced below from the principal of the Spalding School at 1628 West Washington Boulevard poses a problem and, at the same time, affords all of us an opportunity to accomplish

a definite act for good. In a letter dated November 3, 1952, Mrs. Olive Bruner, the principal, says:

"The Spastic Paralysis Aid Foundation and group of parents and friends interested in the problem of cerebral palsy children have asked me to get together a list of dentists on the south, west and north sides of the city who are willing and capable of working on the teeth of cerebral palsy children.

"Since many of these cerebral palsy children are extremely handicapped, we should have to know whether or not the building in which the offices are located are on the ground floor or whether there is an elevator in the building. Do these dentists keep hours at a time when father can help mother take their children to the dentist?

"I know this is quite an order but it is also quite a problem, for it is so difficult to find dentists who are willing to take these handicapped children. Dr. Carroll, here at Spalding, cannot handle all of them for some are not school children.

"If it is possible to put together a list like this, the parents would be most grateful and so would I."

If any of the readers of this item would care to shoulder some small part of this pathetic burden, they should call Mrs. Bruner at SEeley 3-4965 and tell her of your facilities. Our deep appreciation is to be added to your own inner satisfaction.
